PROFESSIONAL EXPERIENCE

RESUME WORDED   San Francisco, CA and New York, NY
Junior Full Stack Developer   **2016-Present**

- Assisted in training and supporting up to 20 new hires per year by conducting interviews and leading seminars.
- Coordinated with web developers to secure core server product development service components for more than 100 client sites, ensuring compatibility with all major browsers on mobile and desktop platforms.
- Managed a full-stack development for a recruiting company with an average of 700 job postings daily.
- Launched and maintained 10 successful websites in 3 years with SEO success by rebranding and developing clients' image.

GROWTHSI   New York, NY
IT Programmer   **2013-2016**

- Decreased time required to perform routine tasks by over 70% and average support ticket time by 50% through training incoming personnel, delegating tasks, and documenting processes and procedures in detail.
- Reduced costs from 54% to 25% by administrating the budget per department and reviewing requests for non-standard hardware/software installation and recommending appropriate technical solutions.
- Decreased data processing errors to less than 1% and shipment transaction time by 89% through developing and implementing a custom shipment delivery verification application.
- Saved extracts of $1.3 million worth of premium data processed in error by utilizing the FOCUS program to identify, analyze, and avoid accounting issues.

GROWTHSI   New York, NY
Computer Lab Technician   **2012-2013**

- Improved employees' learning experience by 60% through analyzing and implementing the appropriate options available for department/employee-based software.
- Managed and maintained a lab of 25 iMac computers and the company's wide support of office iPads, iPods, Mac Books, and thin client PCs, performing both hardware and software maintenance as needed.
- Assisted over 40 employees daily on technical issues and routined maintenance.
